

MINUTES OF THE FRIENDS OF LAPHAM PEAK SNOWMAKING COMMITTEE

Tuesday, May 6, at Sandy Sugden's

Members present: Rick Bjodstrup, Anne Riendl, Sandy Sugden, Kris Maki

Thank you , Sandy for your hospitality!!!

Items discussed:

Finances have not changed. We have at least \$73,000 in our treasury + an additional \$7500 due from the state when the pump is purchased.

Web Pages: **Anne has been on** the web pages making changes. She has added the Newsletters on the News page. One can access the Summer Solstice web page by hitting the "more information" on left side under News.

Pump update John McCarthy says that the engineers from Graef are working on the pump and statistics for our site; once they finish, a rep from Torrent will come to assess the site and installation needs and expenses.

Birch Scroll ad: Rick has two ideas for the ad and shared with us. We spent some time "tweaking the wording" When Kris gets her computer returned, she will add the logo and play with fonts for submission. So far.... If we need to, we will order a "double ad" to increase exposure and make sure our message is clear and complete.

LOGO

When winter comes but not the snow
To Lapham Peak ski racers go
For Lapham Loppet's 11K
Or, under lights, on "Woden's Day"
For there, when cold, machines do make
Nature's oft forgotten flake
With funds from folks like you and me
We make white stuff
On which we ski!

www.laphampeaksnowmaking.org

Respectfully submitted,

Kris Maki

New Meeting dates: May 20

June 3 and 17

July 8 and 22

Aug 12 and 26

Sept 9 and 23
